NAVAL GUNNERY RANGE ACTIVATION AREAS M331A, M331B AND M334 FOR THE MONTH OF FEBRUARY 2024.

References:

- A. Australian Notice to Mariners Annual Summary
 - B. Air Services Australia – Designated Airspace Handbook, 2023 Edition
1. Naval Gunnery Firing Activation of Ranges M331A (previously R323A), M331B (previously R323B) and M334 (previously R339) is promulgated in accordance with the References.
 2. All addresses should note that the previous *Restricted* areas have changed title to those above. All area dimensions, clear heights and activation arrangements remain the same.
 3. Annex A details the firing schedule for February 2024, for operational reasons firing days and timings may need to change at short notice. Appropriate NOTAMS will be issued if firings are to take place outside activation times listed.
 4. Point of Contact is Chief Petty Officer Phillip Hinge on (03) 5931 2355 or email phillip.hinge@defence.gov.au
